

IT

1-The computer components that make up a computer are known as:

المكونات التي يتكون منها الكمبيوتر تسمى ايه؟

Shareware

Freeware

Software

Hardware

2-Which one of the following is most likely to be use by a travelling

business person? أي واحد مما يلي هو الأكثر احتمالا استخدامه من قبل رجل أعمال فى السفر؟

Network computer

PDA

Desktop

Server

3-Which one of the following includes main components of a computer?

أي واحد مما يلي يتضمن المكونات الرئيسية للكمبيوتر؟

HARD DISK, CPU, RAM

4-USB IS CONSIDERED?

INPUT / OUTPUT PORT

A serial port

A parallel port

A network port

5-Which one of the following effects is noticed after adding ram to a computer
أي واحد من التأثيرات الآتية يلاحظ بعد إضافة الرام إلى جهاز كمبيوتر؟

Increase in the computer speed.

6-Which one of the following is measured by the unit MHz?

CPU_speed

7-Which one of the following is true about RAM (random access memory)?

Ram retains information after the power is switched off.

Ram is non-volatile memory.

Ram is a volatile memory. الرام ذاكره متطايره.

Ram is used to store information on a permanent basis.

8-Which one of the following is a DVD?

Computer memory

Serial port

Storage device

Parallel port

9-Which one of the following is the unit GB measure:

Speed of graphics card processor

CPU speed

Transfer rate

Storage capacity.

10-Which one of the following is an input device?

Monitor

Headphone

Speaker

Stylus

قلم الشاشة-قلم ضوئي

11-Which one of the following is an output device?

Joystick

Headphone

Microphone

Trackball

12-Which one of the following is a touch screen represent? تمثّل

Input device

Output device

Storage device

Input and output device

13-Which one of the following is a Linux represent?

Storage device

Database application

Antivirus software

Operating system

14-Which one of the following application allows you to make changes to images?

Spreadsheet application

Photo editing application

Database application

Web browser application

15-Which one of the following is the result of using a screen magnifier?

اي من الجمل الاتيه هو نتيجته استخدام مكبر الشاشة؟

Enlarging the content shown on the screen. تكبير المحتوى الذى يظهر على الشاشة.

Enabling voice recognition instead of using the keyboard or mouse

Reading the content shown on the screen.

Displaying on-screen keyboard.

16-The network that connects computers and equipment wirelessly is

known as: الشبكة التي تربط أجهزة الكمبيوتر والمعدات لاسلكيا تسمى

LAN

WAN

LWAN

WLAN

17-Which one of the following is a version of computer which is small enough to be held and used in the palm of a hand?

اي من الاتى هو جهاز كمبيوتر صغير جدا يحمل فى كف اليد؟

Server

Personal digital assistant

Laptop computer

Desktop computer

18-Which one of the following describes a system of interconnected computer networks that serves billions of users worldwide?

أي واحد مما يلي يصف نظام شبكات الكمبيوتر المترابطة التي تخدم مليارات المستخدمين في جميع أنحاء العالم؟

World Wide Web

Extranet

Internet

Intranet

19-Which one of the following allows external users to access an organization's intranet?

Internet

Worldwide web

Intranet

Extranet

20-Which one of the following describes the speed with which data is downloaded and uploaded by your computer?

Installation

Internet connection

Transfer rate

Encryption

21-Which one of the following describes the term downloading?

Copying files from the internet to the personal computer

Connecting to the internet

Copying files from the computer to the internet.

22-Which one of the following is a common internet connection option?

ای من الجمل الاتیه من خيارات الاتصال بالانترنت شیوعاً؟

Server

VOIP

World Wide Web

Cable

23-The term for buying and selling goods or services over the internet is:

E-Government

E-banking

E-learning

E-commerce

24-Which one of the following describes the use of electronic computer to store, convert and process information?

اى من الجمل الاتيه يصف استخدام الكمبيوتر لتخزين وتحويل ومعالجة المعلومات

Internet and computer technology

Internet and control technology

Information and computer technology

Information and communication technology

25-Multimedia learning experience can be gained through:

التعلم من خلال الوسائط عن طريق الانترنت

E-banking

E-commerce

E-learning

E-government

26-The ability to work from home using telephone, fax, and or computer technology is known as:

القدرة على العمل من البيت باستخدام التليفون والفاكس والكمبيوتر يسمى

E-banking

Ergonomics

Teleworking العمل من خلال البيت

E-learning

27-The fastest way for files to be transferred electronically during two way text-based communication is:

أسرع وسيلة لنقل الملفات إلكترونياً من خلال الاتصالات عن طريق الكتابة

Podcast

Really simple syndication

Blog

Instant messaging

28-Which one of the following is a quick and cost effective way to communicate with your friends across the world?

أي واحد من التالي هو وسيلة سريعة وفعالة من حيث التكلفة للتواصل مع أصدقائك في جميع أنحاء العالم؟

Send a DVD

Send a CD-ROM

Send an e-mail

Send a letter

29-Which one of the following terms describes talking to others for free via programs such as Skype using a headphone?

أي واحد من الشروط التالية يصف الحديث مع الآخرين مجاناً عبر برامج مثل سكايب باستخدام سماعة الرأس؟

RSS

IM

BLOG

VOIP

30-A form of syndicated feed which downloads new content to subscribe computers as it becomes available is known as:

شكل من أشكال التغذية التي تقوم بتحميل محتويات جديدة لاجهزة الكمبيوتر تسمى:

IM

VOIP

RSS (really simple syndication)

PODCAST

31-An online diary that contains the user's thoughts, images and videos to be viewed by other users is known as:

هى عباره عن اليوميات على الانترنت الذى تحتوى على افكار وصور وفديوهات المستخدمين ويتم مشاهدتها من قبل مستخدمين اخرين تسمى:

PODCAST

RSS

Web log (BLOG)

IM

32-Which one of the following automatically downloads updated digital media files constantly to a subscriber s computer?

اى من الجمل الاتيه يقوم تلقائيا بتحميل وتحديث ملفات الوسائط الى جهاز الكمبيوتر باستمرار:

Weblog

Podcast

IM

RSS

33-Which one of the following describes a group of people with similar interest?
أي واحد مما يلي يصف مجموعة من الناس مع نفس الاهتمامات؟

Podcast

Virtual community

مواقع التواصل الاجتماعي

Instant messaging

RSS

34-Which one of the following allows you to share your thoughts and upload photos and videos online so other people can interact with you?

أي واحد من الجمل التالية يسمح لك لتبادل الأفكار وتحميل الصور و الفيديو على الانترنت حتى يتمكن الناس من التفاعل معها؟

Posting an entry to your weblog use instant messaging programs

نشر البيانات او المدخلات عن طريق المدونات واستخدام برامج التراسل الفوري (الشات)

35-Which one of the following is not safe to be posted on internet forums?

Favorite movies

Hobbies

Personal mobile number

Favorite food

36-Which one of the following is the term ergonomics بيئة العمل describe?

The relationship between workers and working environment

The relationship between workers and their managers

The relationship between workers and their colleagues

The relationship between workers and their clients

37-Which one of the following helps in maintaining a good posture? اى

من الجمل الاتيه يساعد على الحفاظ على الوضع الجيد فى الجلوس

A monitor with small display screen

The correct positioning of computer, desktop and seat

A mouse located lower than the keyboard

A rotating monitor without a screen filter.

38-Which one of the following should be considered to ensure eye safety while using a computer?

The amount and direction of light used in the working environment

The type of desk used in the working environment

The type of computer used during work

The type of chair used in the working environment

39-Which one of the following is the benefit of having breaks while using the computer?

Relaxing the eyes

Preventing data loss

Preventing damage in computer components

Saving energy

40-Which one of the following is considered best practice to save energy?

Putting the computer to sleep

Changing the computer screen saver

Restarting the computer regularly

41-Which one of the following helps in protecting the environment?

Recycling paper

اعاده استخدام الورق

Backing up important files to hard disks

Upgrading the antivirus software regularly

Increasing the storage capacity of the computer.

42-Which one of the following explains why a username and password are need before logging on to a computer?

ای من الجمل الاتیه یفسر استخدام كلمه المرور وكلمه السر قبل فتح جهاز الكمبيوتر

To enhance the computer performance

To identify users when logging on to a computer

To back up important files stored in the computer

To enable users to install different application

43-Which one of the following is a good practice in preventing password from being identified by other users?

ای من الجمل الاتیه هو اجراء جيد لكلمه السر لمنع المستخدمين الاخرين من اكتشافها او تحديدها

Keeping the same password for a long time.

Consulting your friends for passwords

Passwords should have a minimum of eight characters

Using short and easy to remember password

44-Which one of the following is a benefit of having an off-site back up copy of files?

To provide copies of important files case of data loss

To increase the computer performance

To increase the capacity of the computer memory

To delete unwanted files from the hard disk

45-Which one of the following is a special piece of hardware or software designed to protect a computer system from unauthorized access?

Firewall

Hard disk

Fire wire

Off-site back up copy

46-Changing your username and password regularly is a way to:

Update the available applications

Prevent data theft

Enhance the computer performance

Protect your computer from viruses

47-Which one of the following is the result of opening files from unknown sources?

The transmission of an antivirus program to the computer

The transmission of a program update to the computer

The transmission of a virus to a computer

The transmission of applications to the computer

48-A malicious program that can be transmitted to your computer through e-mail attachments from unknown source and corrupting it is known as:

البرامج الخبيثة التي يمكن أن تنتقل إلى جهاز الكمبيوتر الخاص بك من خلال مرفقات البريد الإلكتروني من مصدر غير معروف تسمى:

A password

A virus

A blog

A firewall

49-Which one of the following prevents your computer from the threats of harmful software?

Registering new license agreement

Upgrading the memory of the computer

Updating the anti-virus software regularly

Upgrading the monitor

50-Which one of the following protects creative or artistic works from illegal copying?

أي واحد مما يلي يحمي المصنفات الإبداعية أو الفنية من النسخ غير القانوني؟

Digital signature

Copyright

Data protection legislation

Password authentication.

51-Which one of the following is a type of software that is available completely free of any purchase or licensing fee?

أي جملة من الآتيه هو نوع من البرامج المتاحة مجاناً ولا يتطلب الشراء؟

Freeware برامج تحمل مجانيه بدون فلوس

Shareware

Open source

Non-freeware

52-An agreement that requires you to unify acceptance of the terms and dictions of use of the software is called:

الاتفاقيه التي تطلب منك شروط وتوجيهات استخدام البرامج

End-user license agreement

End-user purchasing agreement

End-user registry

End-user permission

53-Which one of the following identifies the main purpose of data protection conventions?

أى من الجمل الآتية هو الهدف الرئيسى من اتفاقيات حماية البيانات؟

To protect businesses from computer fraud by employees

To set out the responsibilities of the data subject

To protect the rights of the data subject لحماية حقوق البيانات الموجوده

To give companies the right to publish data about their customers.

54-Which one of the following is the main data protection right for the data subject?

أى من الجمل الآتية هو الهدف الرئيسى من حماية البيانات الشخصية؟

To be disclosed for marketing purposes

To be processed fairly, lawfully and securely يتم معالجتها بشكل قانوني وآمن

To be processed for any purpose

To be kept as long as possible.

55-Which one of the following should be done by the data controller?

أى من الجمل الآتية يجب ان يتم بواسطه المتحكم فى البيانات

Disclosing data to anyone that asks for it

Ensuring that personal data is being erased after being processed

ضمان أن يتم مسح البيانات الشخصية بعد معالجتها

Collecting data from any available source

Holding the personal data and disclosing it upon the request of anyone.

56-Which one of the following describes a computer's operating system?

Software that can retrieve information from a database.

Hardware that can scan and convert photographs into digital files.

Software that controls the allocation and usage of hardware.

البرنامج الذي يتحكم في توزيع واستخدام الأجهزة الصلبه.

Hardware that can record and send images across the Internet.

57-Which one of the following is a term for an audio or video recording posted on a web site that can be downloaded and played later?

أي واحد من التالي هو عبارة عن صوت أو تسجيل فيديو نشر على موقع على شبكة الإنترنت التي يمكن تحميلها وسماعها في وقت لاحق؟

Podcast.

Blog.

VoIP.

RSS Feed.

58-Which one of the following types of software would you most likely use to create a letter?

Web browsing software.

Spreadsheet software.

Accounting software.

Word processing software.

59-The computers in your office building are connected together so staff can share files and printers. What is this arrangement of computers called?

يتم توصيل أجهزة الكمبيوتر في مكتبك معا حتى يمكن للموظفين مشاركة الملفات والطابعات. ما هو هذا الترتيب من أجهزة الكمبيوتر يسمى:

The Internet.

A Local Area Network.

The World Wide Web.

A network port.

60-Which one of the following devices do you need to be able to communicate with other computers using the telephone network?

CD-ROM.

Modem.

Printer.

Speakers.

61-Which one of the following is a software application that assists users who are visually impaired to identify and interpret what is displayed on screen?

أي واحد مما يلي هو من البرمجيات التي تساعد المستخدمين الذين هم ضعاف البصر لتحديد وتفسير ما يتم عرضه على الشاشة

A screen calendar.

A word processor.

A screen reader.

A web log.

62-Which one of the following is a common feature of e-learning?

Always requires physical class attendance.

Cannot download documents for later reading.

Learning is self-paced التعليم يكون بسرعه

Travel time and costs are very high.

63-Which one of the following is NOT a feature of electronic commerce?

Goods can be advertised and prices compared.

There is physical contact between buyer and seller.

Transactions can be processed quickly.

Services are available 24 hours a day.

64-Which one of the following statements describes a good approach to information security for an organization?

اي واحد من العبارات التالية يصف نهج (طريقه) جيد لحماية المعلومات للمنظمة

There are no procedures for reporting security lapses.

Staff passwords are not changed regularly.

Sensitive data is available to everyone that requests it.

Keeping an off-site backup of all files.

65-Which one of the following is a good password policy for an organization?

All passwords are changed regularly.

All passwords are never changed.

All passwords are made up of less than four characters.

All passwords are made up of less than four numbers.

66-Which one of the following statements describes shareware?

Totally free software that is available only on the Internet.

Commercial based software that must be paid for.

**Software available for free on a trial basis after which payment will
Be required.**

البرمجيات المتاحة مجاناً على أساس تجريبي وبعد ذلك سوف تدفع لو ترغب الاحتفاظ بها

Copyright free software that allows unlimited copies and distribution.

67-There are rules governing the rights of a data subject and the responsibilities of a data controller. What are these rules called?

هناك قواعد التي تحكم حقوق البيانات ومسؤوليات وحدة تحكم البيانات. ما وتسمى هذه القواعد؟

Data Privacy Policy.

Data Management Act.

Data Protection legislation or conventions. تشريعات حماية البيانات او الاتفاقات

Data Publicity Law.

68-Which one of the following is an example of hardware?

An antivirus program.

A spreadsheet application.

A mouse.

The World Wide Web

69-Which one of the following would improve computer performance?

Using a larger monitor.

Increasing the number of applications running.

Using a faster printer.

Increasing the size of RAM.

70-Which one of the following is NOT a function of the Central Processing Unit?

Executing program instructions

تنفيذ تعليمات البرنامج

Ensuring program instructions are executed in the correct sequence.

ضمان تنفيذ تعليمات البرنامج في التسلسل الصحيح

Sending e-mail.

Carrying out calculations.

اجراء العمليات الحسابيه

71-Which one of the following is both an input and output device?

Touchscreen.

Keyboard.

Printer.

Scanner.

72-Which one of the following is an example of an operating system?

iTunes.

PowerPoint.

Windows.

Netscape.

73-Which one of the following is a method of publishing frequently updated content such as news headlines online?

أي واحد من التالي هو وسيلة النشر التي يتم تحديثها المحتوى باستمرار مثل عناوين الأخبار عبر الإنترنت

A Blog.

RSS.

A Podcast.

Instant messaging

74-Which one of the following is considered good environmental practice?

اي واحد من التالي تعتبر واحدة من الممارسات البيئية الجيدة؟

Using a slow computer.

Printing on both sides of a page.

Using up to date software.

Backing up data on a regular basis.

75-Which one of the following statements about the Internet is TRUE?

The Internet is a global network that links many computer networks Together.

الإنترنت هي شبكة عالمية تربط العديد من شبكات الحاسوب معا

The Internet is a private company network.

The Internet is a visual representation of linked documents.

The Internet is a network operating system.

76-Which one of the following is an input/output port?

Linear.

Radial.

Lateral.

FireWire.

77-Which one of the following is an advantage of teleworking?

Long commuting times

فترات الانتقال طويله

Flexible schedules.

مرونه الجداول

Less emphasis on teamwork

تركيز اقل على العمل الجماعى

Lack of human contact.

عدم وجود الاتصال البشرى

78-Which one of the following is a characteristic of broadband?

Completely safe from intruders.

أمنة تماما من المتسللين

It has a dial up connection.

اتصال عن طريق الطلب الهاتفي

High speed.

عالية السرعة

Cost can vary from day to day.

يمكن أن تختلف التكلفة من يوم لآخر

79-Which one of the following practices helps create a good ergonomic working environment?

أي واحد من الممارسات التالية تساعد في خلق بيئة عمل جيدة؟

Protecting computer monitors from reflections and glare by correct positioning.

حماية شاشات الكمبيوتر من انعكاسات الاضواء وبوضعها بشكل صحيح

Taking very few breaks away from the computer.

أخذ راحة قليلة جدا بعيدا عن الكمبيوتر

Keeping the office cold and using low overhead lighting

الاحتفاظ بالمكتب بارد جدا واستخدام اضاءه منخفضه

Use of non-adjustable chairs when working with computers

استخدام الكراسي الغير قابله للتعديل اثناء العمل على الكمبيوتر

80-Why is it necessary for an organization to adopt a good password policy?
لماذا من الضروري للشركات اعتماد كلمه سر جيده?

To allow easy sharing of files across the company network.

للسماح لتبادل سهل للملفات عبر شبكه الشركه

To make it easier for the computer to connect to a network.

لسهوله اتصال الكمبيوتر بالشبكه

To protect files against unauthorized use.

لحمايه الملفات من الاستخدام الغير مصرح به

To make it easier to find files on a computer.

لسهوله البحث على الملفات داخل الكمبيوتر

81-Which one of the following should be carried out to safeguard files from loss in case the main copy is damaged?

أى من الجمل الآتية إجراء لحماية الملفات من الضياع فى حالة تلف النسخة الرئيسية

Backup files to a new location on your computer.

عمل نسخة احتياطية من الملفات فى مكان جديد على الجهاز

Install password security.

Backup the files regularly and store offsite.

نسخ الملفات احتياطياً باستمرار وتخزينها فى مكان خارج الجهاز

Install a firewall

82-Which one of the following is a way to prevent the theft of data from a computer?

Use an up to date anti-virus program. استخدام برامج مكافحة الفيروسات المحدثه.

Back up data on a regular basis. نسخ الا احتياطى للبيانات بشكل منتظم

Remove the monitor when not in use. ازاله الشاشة فى حالة عدم الاستخدام

Set up a username and password.

83-Which one of the following could allow a virus to enter a computer?

أى واحد مما يلي يسمح لدخول الفيروس إلى جهاز كمبيوتر

Downloading files from the Internet onto the computer.

Connecting the computer to a new printer.

Running a virus scan on the computer.

Setting the computer monitor to a low resolution.

84-Which one of the following statements about an End User License Agreement is true?

أي واحد من العبارات التالية يتكلم عن اتفاقية ترخيص المستخدم صحيح؟
It gives full ownership of the software to the user of the software.

انه يعطى الملكيه الكامله للبرنامج للمستخدمين

It gives the user the exclusive right to copy and sell the software to other potential users.

انه يعطى الحق للمستخدم فى بيع ونسخ البرنامج لمستخدمين اخرين

It gives the user the right to modify the software.

انه يعطى المستخدم الحق فى تعديل البرنامج

It gives the user the right to install and run the software on a specified number of computers

انه يعطى الحق للمستخدم فى تثبيت وتشغيل البرنامج على عدد اجهزه معين

85-Which one of the following terms describes the physical components of a computer system?

Hardware.

Freeware.

Software.

Coursewar

86-Which one of the following can slow down the computers performance?
اي واحده من التالي تبطئ اداء الجهاز?

Running several software applications at the same time.

تشغيل عدد من البرامج فى نفس الوقت

Using a small computer monitor.

استخدام شاشه كمبيوتر صغيره

Increasing the amount of RAM available in the computer.

زياده حجم الرامات المتاحه فى الكمبيوتر

Printing documents at a low resolution.

87-Which one of the following is most likely to be used to input a photograph into a computer?

Stylus.

Microphone.

Plotter.

Scanner.

88-Which one of the following statements about RAM is true?

RAM retains data when the computer shuts down.

تحفظ البيانات عند ايقاف تشغيل الكمبيوتر

RAM is read and write memory.

ذاكره للقراءة والكتابة

RAM is write-only memory

ذاكره للكتابة فقط.

RAM cannot be increased in any computer.

لا استطيع زياده حجم الرامات فى الجهاز

89-Which one of the following devices typically has the largest storage capacity?

USB flash drive.

Internal hard disk.

DVD.

CD-ROM.

90-Which one of the following is a software application that allows a computer to respond to voice commands?

أي واحد مما يلي هو البرنامج الذى يسمح لجهاز كمبيوتر تطبيق الأوامر الصوتية

A screen reader.

A screen magnifier.

A speech recognition utility.

An on-screen keyboard.

91-Which one of the following describes the speed at which data can be moved from one computer to another?

اي واحد من التالى يصف سرعه نقل البيانات من جهاز كمبيوتر الى اخر؟

Line width.

Cache level.

Transfer rate.

Transform time.

92-Which one of the following statements about Internet connection services is true?

Broadband connections are always-on while your computer is switched on

البرودباند دائما موجود على جهاز الكمبيوتر وهو شغال.

Dial-up connections are usually faster than broadband connections.

الاتصال الهاتفى عادة اسرع من البرودباند

You cannot use your telephone line to make calls while using a broadband connection.

يمكنك استخدام الهاتف للمكالمات اثناء الاتصال عن طريق البرودباند

Dial-up connections are always-on while your computer is switched on.

الاتصال الهاتفى دائما موجود على الجهاز وهو شغال

93-Which one of the following is an online journal where an author posts personal views and observations in a chronological order?

Podcast.

RSS feed.

Blog.

E-mail.

94-Which one of the following describes RSS (Really Simple Syndication)?

An audio or video recording posted on a website that can be downloaded and played later.

صوت أو تسجيل فيديو نشر على موقع على شبكة الانترنت و يمكن أن تحميل وتسمع في وقت لاحق

A Web feed format used to publish frequently updated content such as blog entries, news headlines or podcasts.

هي خدمة لتغذية المواقع لنشر المحتويات الحديثه مثل المدونات او عناوين الاخبار او الاذاعه

An online journal where an author posts comments and observations in Chronological order.

هي مجله على الانترنت حيث يقوم المؤلف بالرد على التعليقات والملاحظات في وقت زمني

Real-time text-based communication between two or more people over a network such as the Internet.

هو الاتصال بين شخصين او اكثر عن طريق الكتابه على شبكه الانترنت

95-Which one of the following is unsafe online activity?

Giving your home address to someone you met in a chat room.

Using a screen name or nick name that cannot identify you.

Meeting someone you met online face-to-face in the company of your friends.

الاجتماع مع شخص تعرفت عليه عن طريق النت وجها لوجه في الشركه بصحبه اصدقائك

Keeping your social network profile private.

96-Which one of the following is the name commonly given to the buying and selling of goods on the Internet?

e-mail.

e-data exchange.

e-retail.

e-commerce

97-Which one of the following is good working practice when using a computer?

Reducing the light level in the area around the computer.

خفض مستوى الضوء فى المنطقه المحيطة بالجهاز

Taking frequent breaks away from the computer

اخذ فترات راحه متكرره.

Sitting in a comfortable armchair when using the computer.

يجلس على كرسى مريح عند استخدام الكمبيوتر

Positioning the keyboard below wrist level on the desk.

وضع لوحه المفاتيح تحت مستوى المعصم على المكتب

98-Which one of the following is good practice when downloading files?

Disable virus-scanning software when downloading files.

تعطيل برنامج مكافح الفيروسات عند تحميل الملف

Open all unrecognized e-mail messages.

فتح رسائل البريد الالكترونى الغير معترف بيها

Enable virus scanning software and download files from secure sites only

تشغيل او تمكين برنامج مكافحه الفيروسات وتحميل الملفات من المواقع الامنه.

Download files from Internet bulletin boards

تحميل الملفات من لوحات الاعلانات من الانترنت

99-A laptop is most likely to have which one of the following input devices fitted as standard?

Scanner.

Joystick.

Mouse.

Touchpad.

100-What is the name for licensed software that can be used for a trial period after which the user is requested to pay a fee for continued use?

ما هو اسم البرامج المرخصة والتي يمكن استخدامها لفترة تجريبية وبعد ذلك يطلب من المستخدم دفع رسوم للاستخدام المستمر؟

Shareware.

Freeware.

Open Source software.

Software bundle.

101-Which one of the following allows or denies users the privileges to create, view, change or delete data on a computer system?

أي واحد من الإجراءات التالية تنفي أو تسمح للمستخدمين بامتيازات لإنشاء وعرض وتغيير أو حذف البيانات على نظام الكمبيوتر؟

Client rights.

Access rights.

Sign on rights.

Entry rights.

102-Which one of the following is the CPU in a computer?

Calculating Process Unit.

Control Program Unit.

Control Process Unit.

Central Processing Unit.

103-Which one of the following statements about Read Only Memory is true?

Application programs can write data to ROM.

البرامج يمكن ان تكتب بيانات على الـ ROM

The contents of ROM are not deleted when the computer is switched off.

لا يتم حذف البيانات من الـ ROM عند اغلاق الجهاز

Internet pages are stored in ROM while they are being loaded

يتم تخزين صفحات الـ نت داخل الـ ROM اثناء التحميل

The contents of ROM are deleted when the computer is switched off.

يتم حذف البيانات من الـ ROM عند اغلاق الجهاز

104-Which one of the following describes uploading files?

Transferring data from a personal computer to a web server.

Copying a free image from a web page.

Transferring data from a web server to a personal computer.

Saving a Webpage from the Internet to a personal computer.

105-Which one of the following government services would most likely be provided over the Internet?

Waste Collection.

جمع النفايات

Online Tax enquiries.

استفسارات الضرائب على الانترنت

Prison Service.

مصلحة السجون

Marriage Registration.

تسجيل الزواج

106-Which one of the following virtual communities normally allows sharing of photos and video clips?

أي واحد من المجتمعات الافتراضية التالية يسمح عادة بنشر الصور ومقاطع الفيديو؟

Internet chat rooms.

Internet forums.

Social networking websites.

Online computer games.

107-Which one of the following is safe to post on a social networking website?

A personal telephone number.

A home address.

Hobbies.

A school or work-place address.

108-Which one of the following usually causes RSI?

Viewing a monitor that has a lot of glare and reflections.

Working where there is inadequate lighting and ventilation.

Using a chair without arms.

Typing for a long period of time without breaks.

109-Which one of the following activities could lead to the spread of a computer virus?

Using only software that has been checked for viruses.

Maintaining regularly updated antivirus software.

Opening only virus-checked file attachments from known sources.

Using a CD from an unknown source to exchange data.

110-Which one of the following is a feature of software copyright?

أي واحد من التالي هو من سمات حقوق الطبع والنشر للبرمجيات

It denies the rights of the software author

ينكر حقوق المؤلف للبرمجيات.

It recognises the rights of the software author.

يعترف بحقوق المؤلف البرمجيات

It makes software freeware

يجعل مجانيه البرمجيات.

It encourages software piracy.

يشجع قرصنه البرمجيات

111- Which one of the following describes why it is important to update antivirus software regularly?

To ensure the software identifies old viruses.

To protect your computer from all known viruses.

To protect your computer from unwanted bulk messages.

To prevent the spread of malicious programs on the Internet.

112- Which one of the following describes why firewalls are used?

To prevent unauthorized access by incoming transmissions.

To prevent destruction of a computer in the event of a fire.

To enable easy downloading of data from web sites.

To detect and disable viruses already on a computer

113-Which one of the following is NOT a feature of electronic commerce?

Goods can be advertised and prices compared.

There is physical contact between buyer and seller.

Transactions can be processed quickly.

Services are available 24 hours a day.

114- Which one of the following statements about a password is TRUE?

It must be changed only if it is compromised.

It cannot contain special character symbols.

It should be changed regularly.

It must be registered with the system administrator.
